

A woman with blonde hair, wearing a white shirt and a dark vest, is using a Kärcher backpack vacuum. She is leaning forward, holding the handle of the vacuum's cleaning head. The vacuum is black and grey with yellow accents. The background shows a modern interior with large windows and white curtains.

KÄRCHER

ULTRALIGHT. ULTRA STRONG.

The world's first battery powered backpack vacuum cleaner made from ultra lightweight EPP material. Nearly half the weight of its predecessor.

PROFESSIONAL | BVL 5/1 BP BACKPACK VACUUM

INCREDIBLY LIGHTWEIGHT, CORDLESS AND DURABLE BACKPACK VACUUM CLEANER.

The BVL 5/1 Bp is the first backpack vacuum to not only be ultra-lightweight, but simultaneously deliver superior cleaning capability. Thanks to an innovative EPP (expanded polypropylene) material, the carrying weight on the back with the Battery Power+ battery equipped is only 13 lbs. With an output of 500 watts, a long battery running time and a 1.3 gal. container, the backpack vacuum is ideal for narrow spaces where cleaning is difficult such as movie theater seating, buses, trains or airplanes. Featuring an ergonomic carrying frame, and adaptable design to accommodate right or left-handed operation. The operator uses a control panel on the waist strap to control all important operating functions. The brushless EC drive is also extremely resistant to wear and tear. A HEPA-14 filter is also optionally available.

1 Ultra-light cordless backpack vacuum

- Weighs only 10 lbs. with the battery included for fatigue-free cleaning
- Cord free use with excellent mobility and flexibility for the operator
- Risk of trip and fall hazards eliminated due to no cord

2 Highly innovative EPP (expanded polypropylene)

- Manufactured from extremely innovative EPP which is environmentally friendly and easy to recycle.
- Especially robust and extremely long-lasting.
- Ultra light, durable material weighs 50% less than other models.

4 Runs on the Kärcher Battery Platform

- Incredible mobility, ease of swapping batteries for nearly continuous run time.

5 Great ergonomics

- Carrying harness extremely comfortable even when using for longer periods of work.
- Control panel on the waist strap enables easy control of all functions.

6 Brushless EC drive

- This technology reduces maintenance costs and extends lifetime of the vacuum
- Allows long periods of use and increases efficiency and productivity.

Technical data and equipment.

BVL 5/1 BP

TECHNICAL SPECIFICATIONS

Run time – power/eco	min	43/62
Max. power rating (power/eco)	watts	500/230
Charging time	min	60
Waste container capacity	gal	1.3
Operating noise level (power/eco)	dBA	65
Air-flow rate (power)	cfm	85
Battery voltage	V	36
Weight (with battery):	lbs	13
Dimensions (L x W x H)	in	19.8 x 11.1 x 7.7

EQUIPMENT

Order No.	Description
1.394-272.0	BVL 5/1 Bp Battery Powered Vacuum Cleaner

ACCESSORIES

Order No.	Description
■ 2.889-346.0	Suction hose
■ 2.889-148.0	Elbow bend, antistatic
■ 2.889-129.0	Floor tool
■ 2.889-130.0	Crevice tool
■ 6.905-998.0	Upholstery nozzle, complete
■ 2.862-008.0	Telescopic suction tube
■ 6.904-335.0	Fleece filter bag, package of 10
■ 2.889-342.0	HEPA Filter
■ 2.445-075.0	Battery Power+ 36/75
■ 2.445-053.0	Fast Charger Battery Power+ 36V
□ 6.904-333.0	Paper dust bags, package of 10
□ 8.642-918.0	Sidewinder, 15-inch carpet tool with 1.5-inch neck
□ 8.642-919.0	Sidewinder, 15-inch hard floor synthetic brush with 1.5-inch neck

■ Included □ Optional
